NATIVE AMERICAN/NATIVE HAWAIIAN MUSEUM SERVICES

Grant Application and Information

Fiscal Year 2006

What is IMLS?

The Institute of Museum and Library Services (IMLS), an independent agency within the Executive Branch, was established by an Act of Congress in 1996 to improve museum, library, and information services. Within IMLS, the Office of Museum Services was established to encourage and assist museums in modernizing their methods and facilities so that they may be better able to conserve our cultural, historic, and scientific heritage; and to ease the financial burden borne by museums as a result of their increasing use by the public. The Office of Library Services was established to consolidate federal library programs, stimulate excellence, and promote access to resources in all types of libraries for individuals of all ages; to promote library services that provide access to information through electronic networks; to provide linkages among and between libraries; and to promote targeted library services to people of diverse backgrounds and abilities.

IMLS provides support to all types of libraries through grants to states and through discretionary programs. For many museums, IMLS is the only source of federal support. The National Museum and Library Services Board, a presidentially appointed body confirmed by the Senate, provides policy advice to the Director of IMLS.

CFDA No. 45.308

Dear Colleague,

It is a pleasure to present guidelines for the Institute of Museum and Library Services' Native American/Native Hawaiian Museum Services Grants. In September 2003, Congress passed the Museum and Library Services Act of 2003 and for the first time the Institute had the authority to provide assistance to "Native American tribes and organizations primarily serving and representing Native Hawaiians provide museum services."

The mission of the Institute of Museum and Library Services is to create a Nation of Learners. It supports activities that sustain cultural heritage, build 21st century skill, engage families and communities in learning and increase civic participation.

These guidelines were developed in response to the legislation and with the advice of the tribal museum community and eligible tribes. Grants will support activities in museums and museum related organizations, such as cultural centers, to strengthen programming, professional development and museum services.

It has been my pleasure to meet and talk with many of you who are working to improve museum services to Native Americans and Native Hawaiians, and I look forward to continuing a rewarding relationship.

Sincerely,

Mary L. Chute
Acting Director

GENERAL INFORMATION

The Opportunity: Native American/Native Hawaiian Museum Services Grant Program

The Native American/Native Hawaiian (NANH) Museum Services program enables Native American tribes and organizations that primarily serve Native Hawaiians to benefit their communities and audiences through strengthened museum services in the areas of programming, professional development, and enhancement of museum services. Grants are intended to support activities in museums and museum related organizations, such as cultural centers. For more information, please contact Sandra Narva at (202) 653-4634 or Mark Feitl at (202) 653-4635.

The program will support services and activities in the following areas:

Programming: Services and activities that support the educational mission of museums and museum related organizations, including (but not limited to) activities such as

- exhibits
- research and interpretation
- educational resources such as Web sites, curricula, digital content, and publications
- educational demonstrations and performances, including workshops, classes and presentations

Professional Development: Education or training that builds skills, knowledge or other professional capacity for individuals who provide or manage museum services activities. Individuals can be paid or volunteer, and involved with museum services either currently or in the future. Activities include but are not limited to

- creation and offering of courses, workshops, in-person or distance learning offerings
- enrollment in courses, workshops, in-person or distance learning offerings
- attendance at conferences or other professional meetings
- hiring of consultants or technical assistance to strengthen museum services and activities
- organizational support for internships and fellowships (awards are not made to individuals)

Enhancement of Museum Services: Support for activities that enable and improve museum services, including (but not limited to)

- planning, including strategic planning, policy development, and disaster preparedness and risk management
- improvement implementation, including technology and other resources, equipment purchase, security, public access (construction projects are not allowed)
- heritage preservation, including collections care and management
- hiring of temporary or permanent staff to support museum services

Applicants are required to focus their proposed activities within one of the categories listed above.

Eligibility

Museums are not eligible to apply for this grant program. Entities such as museums, libraries, schools, tribal colleges, or departments of education are not eligible applicants, although they may be involved in the administration of this program and their staff may serve as project directors, in partnership with an eligible applicant.

Eligible applicants are:

- Indian tribes **or**
- organizations that primarily serve and represent Native Hawaiians.

For the purposes of funding under this program, “**Indian tribe**” means any tribe, band, nation, or other organized group or community, including any Alaska native village, regional corporation, or village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. Section 1601 et seq.)) which is recognized by the Secretary of the Interior as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. Eligible entities are listed on the Bureau of Indian Affairs Web site (www.doi.gov/bureau-indian-affairs.html), except for the recognized Alaska native villages, regional corporations, and village corporations (Alaskan entities should refer to applicable provisions in the Alaska Native Claims Settlement Act, referenced above).

If a tribe has several bands, colonies, rancherias, communities, or other organizational entities listed in parentheses following a tribe name on the Department of Interior’s list of federally recognized tribes, only one of those entities may receive a grant in a fiscal year. For example, if a tribe has four bands, only one of the bands may apply for a grant in a fiscal year. It is the responsibility of the tribal chief executive to determine which entity will apply for the grant. IMLS will notify the affected tribes of any change in this policy.

For the purposes of funding under this program, “**organizations that primarily serve and represent Native Hawaiians**” means any nonprofit organization that primarily serves and represents Native Hawaiians, as the term is defined in 20 U.S.C. Section 7517, is also eligible for funding. The term “**Native Hawaiian**” means (a) any individual who is a citizen of the United States, and (b) a descendant of the aboriginal people who, prior to 1778, occupied and exercised sovereignty in the area that now comprises the state of Hawaii, as evidenced by genealogical records; Kapuna (elders) or Kamaaina (long-term community residents) verification; or certified birth records.

Data Universal Numbering System (DUNS)/ Taxpayer Identification Number (TIN)

DUNS

To improve the statistical reporting of federal grants and cooperative agreements, the Office of Management and Budget has directed all federal agencies to require all applicants for federal grants to provide a Dun and Bradstreet DUNS number when applying for federal grants or cooperative agreements on or after October 1, 2003. The DUNS number will be required whether an applicant is submitting a paper application or using the government wide electronic portal (E-Grants).

Organizations should verify that they have a DUNS number or take the steps needed to obtain one. Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS number request line at 1 (866) 705-5711 or by visiting www.dnb.com/us. Individuals who would personally receive a grant or cooperative agreement award from the federal government apart from any business or nonprofit organization they may operate are exempt from this requirement.

TIN

The TIN is an identification number used by the Internal Revenue Service (IRS) in the administration of tax laws. It is issued either by the Social Security Administration (SSA) or by the IRS. A Social Security number is issued by the SSA whereas all other TINs are issued by the IRS. An Employer Identification Number, also known as a federal tax identification number, is a nine-digit number that the IRS assigns to business entities. The IRS uses this number to identify taxpayers that are required to file various business tax returns.

If an organization does not have a DUNS number and a TIN, the application will be rejected.

Conditions of a Grant

DURATION OF A GRANT

Applicants may request a grant period of up to two years. Once funds are awarded, funds must be expended within the specified grant period.

PROJECT START DATE

The grant period must begin no earlier than October 1, 2006, and no later than December 1, 2006. All grant periods must start on the first day of the month.

A onetime no-cost extension to the grant period may be requested from the Associate Deputy Director for Museum Services. A request for an extension must be made in writing no later than ten days before the end of the grant period.

AMOUNT OF GRANT

An applicant may request from \$5,000 up to a total of \$50,000 regardless of the length of the grant period. IMLS will review and negotiate budgets as appropriate. Applicants may be granted an amount less than that requested. Grants will be made in September 2006 from fiscal year 2006 funds.

MAINTENANCE OF EFFORT

Matching or cost sharing is not required in this program. However, IMLS requires that organizations maintain their previous funding efforts and demonstrate that federal funds will enhance rather than replace tribal funding for museum services. Applicants are encouraged, when possible, to contribute financially or through in-kind services to proposed projects in order to promote community interest and involvement.

USE OF FUNDS

IMLS NANH grant funds may be used only for costs directly related to the project, such as costs for salaries for museum personnel, project supplies and materials, membership fees, telecommunication services and equipment, and other fees or expenses associated with the project.

Grant funds may not be used for construction, contributions to endowment funds, social activities, ceremonies, entertainment, collection acquisition or pre-grant costs.

All listed expenses must be incurred during the grant period. Government-wide cost principles apply.

LIMITS ON FUNDING

An Indian tribe or Native Hawaiian organization may submit only one application for a NANH Museum Services grant in a fiscal year. A grantee receiving a two-year grant from this program may not apply for another grant from this program covering the same time period as the second year of the first grant. For example, if a tribe received a two-year NANH Museum Services grant in FY 2005, it may not apply for another NANH Museum Services grant until FY 2007.

Eligible entities may apply for funding from other IMLS programs while they have a current NANH Museum Services grant.

**COPYRIGHT/
WORK
PRODUCTS**

IMLS requires acknowledgment in publications and other products resulting from the project. Products should be distributed free or at cost unless the recipient has received written approval from IMLS for another arrangement. With written permission, the recipient may copyright any work that is subject to copyright and was developed under an award or for which ownership was purchased. IMLS reserves, for federal government purposes, a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use the work and authorize others to reproduce, publish, or otherwise use the work. IMLS requires that grantees provide three copies of any products produced with IMLS funds to IMLS with the final reports. Generally, a Beta version of software developed on an IMLS-funded project must be provided to IMLS as a product of the grant. Consult with IMLS regarding software development projects.

**ANNOUNCEMENT
OF AWARD**

No information about the status of an application will be released until all applications have been reviewed and all negotiations are concluded. IMLS will notify applicants of final decisions in mid-September 2006.

**PAYMENT,
ACCOUNTING,
MANAGEMENT,
AND
REPORT
PROCEDURES**

A federal accounting office handles the payment of NANH grants. Grant recipients may request cash advances or reimbursements as needed during the project period. Payments are made electronically. IMLS requires grant recipients to maintain a restricted account for funds received during the project period. They do not need to maintain a separate bank account for IMLS grant funds; however, they must establish and maintain a separate accounting category within an internal accounting system to show that the funds have been used for project costs only. This restricted accounting record must be adequate to satisfy normal auditing procedures. Grants are subject to the provisions of OMB audit requirements. In addition, government-wide uniform grant administrative rules and requirements apply, including appropriate OMB circulars.

Grant recipients are required to submit semi-annual interim performance reports every six months during the grant period as well as annual financial reports. They are also required to submit a final performance report and a final financial report at the end of the grant period.

Application Review Process

IMLS staff determines whether an applicant is eligible and whether an application is complete. IMLS staff may contact applicants for information needed to make an eligibility determination. If an applicant is determined to be ineligible as an official applicant, the application will be rejected without evaluation (see Eligibility, page 1.3). Incomplete applications are subject to rejection without evaluation. If an application is rejected, the applicant will be notified by mail.

All eligible and complete applications will be competitively reviewed. All eligible applications for Native American/Native Hawaiian Museum Services grants will be evaluated by individual field review and/or panel review. Reviewers will have expertise in the types of activities and projects under review, and will be drawn from professionals in the field and from the areas of expertise required. The IMLS Director will make funding decisions based on the evaluations by reviewers, the types of projects encouraged by IMLS, and the overall goals of the Native American/Native Hawaiian Museum Services grants program and of IMLS.

Field reviewers may provide an initial evaluation applying the criteria identified on pages 2.2-2.3 (Evaluation Criteria). For field reviewer evaluation, applications are grouped into field review panels based on the three grant categories (programming, professional development, and enhancement of museum services).

Sitting panels of museum professionals may review top ranked applications (based on standardized field review scores, if applicable) for (1) the ability of the project to strengthen the applicant's museum services, (2) the relationship between the applicant's proposal and IMLS Native American/Native Hawaiian Museum Services program goals, and (3) the strength and feasibility of the project design. The IMLS Director takes into account the advice provided by the review process and, by law, makes all final funding decisions.

**COMPLETING
THE
APPLICATION
NARRATIVE**

Select a Category

Applicants must select one category, either programming, professional development, or enhancement of museum services as detailed on page 1.2 as their primary funding category, and address the associated activities within their proposal. Consider project goals, tasks, and costs when selecting a funding category. Proposed projects may touch on elements found within multiple categories, however this will provide no advantage in the review process.

Application Evaluation Criteria

Since reviewers base their evaluations only on the information presented in the application, it is important that applicants prepare a clear, concise, well-organized document. Applicants must address all of the evaluation criteria in the same order in which they are listed below. Each criterion should be used as a heading and followed by a comprehensive description. The three criteria listed below should be addressed in the application narrative. The budget should be addressed in a separate section.

1. STATEMENT OF NEED

Include a statement of need as it relates to the museum and the community. Include information such as

- a description of the community
- current status of the museum
- how the proposal will improve museum services
- impact on the community from improved museum services

Evaluation Criteria: Evidence that the applicant has performed a formal or informal assessment of museum and community needs, and has developed the project and its goals as the best solution to answer those needs.

2. PROJECT PURPOSE AND PLAN

Include a description of the proposed project description and plan. Include information such as

- project goals and objectives
- action steps and activities to implement the project
- evidence that the applicant is capable of implementing the project plan
- evidence that the applicant is capable of successfully completing the project
- plan to maintain and continue the positive changes after the period of federal funding

Evaluation Criteria: Evidence that the project proposes efficient, effective, and reasonable approaches to accomplish its clear goals and objectives. Evidence that the methodology and design are appropriate to the scope of the project. Evidence that the applicant will effectively complete the project. Evidence that the project personnel possess appropriate experience and will commit adequate time to accomplish project goals and activities.

3. EVALUATION

Describe the approach to be used for monitoring and assessing the activities of the project. Describe the information to be collected to document the extent to which the project met its goals.

Evaluation Criteria: Evidence that the evaluation plan ties directly to project goals. Evidence that evaluation will provide reliable information on which to judge impact or base future actions.

Applicants can download the electronic version of an IMLS application form and, using freely available Adobe Acrobat software, type into the forms on any computer. This eliminates the need for a typewriter or for recreation of IMLS application forms. Note that the forms cannot be submitted electronically, but may be completed online and then printed on the applicant's printer and shipped. **Caution: the forms cannot be saved by most versions of Adobe Acrobat, so they must be completely filled in and printed in one operation.** To save forms as a PDF you must use Adobe Acrobat Approval or the full Acrobat Standard or Professional Programs. (Acrobat Approval is no longer available for purchase, but existing versions will work.) Please note that the free Acrobat Reader does not allow you to

save your work or attach the document. To access the fill-in application forms, visit www.imls.gov/grants/appl/index.htm. Alternatively, applicants may recreate the forms electronically following the IMLS format or may type on printed forms.

The project must begin between October 1, 2006, and December 1, 2006, starting only on the first day of the month.

BUDGET

The IMLS Native American/Native Hawaiian Museum Services grant application includes three elements to describe the costs of a proposed project: a Summary Budget form that describes costs for the entire project, a Detailed Budget form for each year of the project, and a Budget Justification that explains all components of the Detailed Budget form.

The budget should include costs to be supported by IMLS funds. Only those costs attributed to achieving specific project activities should be included in the budget.

1. SUMMARY BUDGET

The Summary Budget should clearly identify the amount requested from IMLS. This page is available as an electronic fill-in form on the IMLS Web site (see page 3.2) or may be recreated using the same format.

IMLS has provided instructions below on what information to include in the Detailed Budget form. IMLS has described each cost category included on the Detailed Budget form, as well as the information that the applicant should include in this section.

2. DETAILED BUDGET

Project Costs

The budget should include the project costs that will be charged to grant. All of the items listed must be reasonable, necessary to accomplish project objectives, allowable in terms of the applicable federal cost principles, auditable, and incurred during the grant period. Charges to the project for items such as salaries, fringe benefits, travel, and contractual services must conform to the written policies and established practices of the applicant organization. When indirect costs are charged to the project, care should be taken to ensure that expenses included in the organization's indirect cost pool (see Indirect Costs below) are not charged to the project as direct costs. It should be completed for each year (12 months) of project activities. It should be duplicated, one set for each year of your project.

Fringe Benefits

Fringe benefits may include contributions for social security, employee insurance, pension plans, etc.

Travel Costs

The lowest available commercial fares for coach or equivalent accommodations must be used and foreign travel must be undertaken on U.S. flag carriers when such services are available.

Equipment

Permanent equipment is defined as nonexpendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more.

Services

The costs of project activities to be undertaken by a third-party contractor, including a partner, should be listed under this budget category as a single line item that shows the amount that will be charged to IMLS grant funds. A complete itemization of these costs should be attached to the IMLS budget form. If there is more than one contractor, the cost of each contract must be listed separately on the IMLS budget form and must have an attached itemization.

INDIRECT COSTS (OVERHEAD)

These are costs that are incurred for common or joint objectives and therefore cannot be readily identified with a specific project or activity of an organization. Typical examples of indirect cost type items are the salaries of executive officers, the costs of operating and maintaining facilities, local telephone service, office supplies, and accounting and legal services.

- Indirect costs are computed by applying a negotiated indirect cost rate to a distribution base (usually the direct costs of the project). Organizations that wish to include overhead charges in the budget, but do not have a current federally negotiated indirect cost rate or have not submitted a pending indirect cost proposal to

a federal agency, may charge an administrative fee to the project of up to 15 percent. IMLS will pay this administrative fee only on that portion of direct project costs that are supported by IMLS funds. This fee may also be applied to the direct project costs that will be supported by the applicant and may therefore be counted as part of the applicant's cost sharing. If an applicant chooses this option, it must be careful to exclude all indirect-cost type items from the budget and the fee may not be applied to more than the first \$5,000 of distorting costs such as equipment purchases or subcontracts. For example, if your total request to IMLS is \$40,000, and \$20,000 will be spent on a contractor to do digitization of collections, and \$10,000 will be spent on a piece of equipment, then your modified direct costs would be \$20,000 (since you must subtract any amount over \$5,000 for large contracts and equipment when doing this calculation). Then your indirect costs are 15 percent of \$20,000, or \$3,000 (\$40,000 total request - \$15,000 of contractor cost - \$5,000 of equipment cost = \$20,000 modified direct costs).

- If an institution has a federally negotiated indirect cost rate that will be current at the time an award is made, this rate may be used to determine total project costs, as long as the rate is applied in accordance with the negotiated agreement and a copy of the negotiation is forwarded to IMLS with the application. However, IMLS will pay indirect costs only on the portion of the direct costs that are supported by IMLS funds. Indirect costs that are related to the direct project costs that will be supported by the applicant may be included in the budget only as a part of the applicant's cost sharing. IMLS will not accept an indirect cost rate that is scheduled to expire before the award is issued.
- An institution that is in the process of negotiating an indirect cost rate with a federal agency may apply the proposed rate to estimate total project costs as long as it follows the instructions in the previous paragraph in applying the rate and includes the indirect cost proposal in the application material. IMLS will not pay any indirect costs until a rate is negotiated and a copy of the final agreement is submitted to the IMLS Office of Grants Administration. It is possible that the amount of the award will be reduced if the final negotiated rate is less than the rate that was used in the application budget. However, the amount of the award will not be increased if the negotiated indirect cost rate is higher than the rate proposed in the application.
- An organization that will function as a partner in undertaking grant activities may charge an administrative fee to the project of up to 15 percent if it does not have a federally negotiated indirect cost rate that will be current the time the award is made. If it chooses to charge indirect costs to the project, a copy of the indirect cost negotiation must be attached to the budget itemization.

3. BUDGET JUSTIFICATION

The Budget Justification should explain all elements of the Detailed Budget. For example, the Budget Justification should explain the role that each person listed in the

project budget will play. It should also provide justification for all proposed equipment, supplies, travel, services, and other expenses. The applicant should provide specifications for all hardware and software for which IMLS funding is requested. If IMLS funding is requested for salaries of permanent staff, the proposal should explain why funds are requested for this purpose and how the regular duties of these individuals will be performed during the grant period. The Budget Justification should explain the role of any outside consultants and third-party vendors to be employed on the project and how each was identified and selected. Costs for third-party service providers should be documented by bids or otherwise justified. It should be no more than two single-spaced pages.

PROOF OF ELIGIBILITY

Required for Native Hawaiian organizations only. If the applicant is not a Native Hawaiian organization, do not include this information in application.

Applicants must submit proof that they are eligible not-for-profit organizations that primarily serve and represent Native Hawaiians (as defined in section 7207 of the Native Hawaiian Education Act). As proof of eligibility, applicants must submit the organization's charter documents, including the organization's articles of incorporation. Applicants may provide additional proof of eligibility.

In addition, eligible not-for-profit organizations that primarily serve and represent Native Hawaiians must submit proof of not-for-profit status, which may be either

- a copy of the IRS letter indicating the organization's eligibility for not-for-profit status under the applicable provisions of the Internal Revenue Code of 1954, as amended, or
- an official document identifying the organization as a unit of state or local government or other tax-exempt multipurpose organization. If prepared specifically for this application, the certification must be on the parent organization's letterhead and certified by an official of the parent organization.

Note: IMLS will not accept a letter of sales tax exemption as proof of nonprofit status.

LIST OF KEY PROJECT STAFF AND CONSULTANTS

RESUMES

A one-page list of all key museum/cultural center staff and consultants for the project is required. If a name appears on this list, there must be a resume to accompany it.

- Resumes or vitae of no more than two pages each for all key personnel (both staff and consultants) must be included.
- If staff is to be hired with grant funds, then include a one-page position description of the qualifications of the person to be hired for the project. Each position description must specify the amount and type of experience required, the level of education required, and the precise role that person will play in the project.
- If you have not chosen your key project personnel by the application deadline date, then you must submit position descriptions instead of resumes.

ATTACHMENTS

Applicants should include documents that specifically relate to the justification for the project. Information may include needs assessments, long-range or strategic plans, products or evaluations from previously completed or ongoing projects of a similar nature, specifications for equipment to be purchased, or other documents for the evaluation of the proposal.

SHIPPING

- All applications must be postmarked no later than the application deadline. Applications that do not meet the postmark deadline will be rejected without evaluation.
- All first-class and Priority mail sent through the U.S. Postal Service to IMLS is put through an irradiation process, which results in lengthy delays in mail delivery. Support materials (e.g., CDs, videos, slides) put through the irradiation process suffer irrevocable damage.
- Please consider using commercial delivery services. Applications do not need to be sent overnight; ground service is acceptable.
- If you must use the U.S. Postal Service, IMLS recommends certified or registered mail.
- Due to the length and number of copies required for complete submission, applications cannot be accepted by fax or e-mail.
- In the event that a deadline falls on a day U.S. post offices are closed, such as Sundays and federal holidays, IMLS will accept proposals postmarked the next business day.

HAND DELIVERY

IMLS accepts hand-delivered applications between 9:00 a.m. and 4:30 p.m. (Eastern Time) daily, except Saturday, Sunday, and federal holidays. IMLS will provide a dated receipt at the time of delivery.

IMLS ACKNOWLEDGEMENT

- Within 30 working days after the application deadline, IMLS will mail applicants an acknowledgment form with an application number. If you do not receive this form, contact IMLS to make sure the application was received.
- If an application is received more than 30 working days after the postmark deadline, it may not be sent out for review, and may be rejected. See Shipping, above, for information about postal delays.

PROOF OF SHIPPING

- IMLS may ask for proof of shipping if the date on the package cannot be read.
- The U.S. Postal Service does not always postmark a package when it receives one. Ask to have the package dated, then verify that it is properly date-stamped.
 - IMLS will accept a legible receipt stamped by the U.S. Postal Service or a legible dated shipping label, invoice, or receipt from a commercial carrier.
 - IMLS will not accept private metered postmarks or private mail receipts unless they contain a legible date stamped by the U.S. Postal Service.
 - If you use registered mail, the green return receipt card does not meet the IMLS requirement for proof of shipping.
 - If an application is received more than 30 working days after the postmark deadline, it may not be sent out for review, and may be rejected.

IMLS Assurances and Certification

IMLS is required to obtain from all applicants certifications regarding federal debt status, debarment and suspension, nondiscrimination, and a drug-free workplace. Applicants requesting more than \$100,000 in grant funds must also certify regarding lobbying activities and may be required to submit a "Disclosure of Lobbying Activities" (Standard Form LLL). Some applicants will be required to certify that they will comply with other federal statutes that pertain to their particular situation. These requirements are incorporated in the Assurances statement below. The authorized representative/authorizing official must review the statement and sign the certification in item 6 on the Application Face Sheet, pages 4.3. to 4.4 If you receive a grant, you must comply with these requirements.

ASSURANCES STATEMENT

By signing the application form, the authorized representative/authorizing official, on behalf of the applicant, assures and certifies that, should a grant be awarded, it will comply with the statutes outlined below and all related IMLS regulations, which are available from IMLS upon request. These assurances are given in connection with any and all financial assistance from IMLS after the date this form is signed, but may include payments after this date for financial assistance approved prior to this date. These assurances shall obligate the applicant for the period during which the federal financial assistance is extended. The applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in these assurances, and that the U.S. government has the right to seek judicial enforcement of these assurances, which are binding on the applicant, its successors, transferees, and assignees, and on the authorized official whose signature appears on the application form.

I. CERTIFICATIONS REQUIRED OF ALL APPLICANTS

FINANCIAL, ADMINISTRATIVE, AND LEGAL ACCOUNTABILITY

The authorized representative/authorizing official, on behalf of the applicant, certifies that the applicant will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. § 7501 et seq.) and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

The authorized representative/authorizing official, on behalf of the applicant, certifies that the applicant will comply with the provisions of all applicable OMB Circulars and all relevant IMLS regulations.

**NON-
DISCRIMINATION**

The authorized representative/authorizing official, on behalf of the applicant, certifies that the applicant will comply with the following nondiscrimination statutes and their implementing regulations:
